

For all employees and dependents under our health plan

medical **Care** FOR THE WHOLE FAMILY

Legacy Health & Wellness has served employees and dependents since 2011. Although its original name has changed, our commitment to quality, holistic care continues.

Dr. Brian Elkins is a board-certified family physician with nearly two decades of experience training other family-practice physicians, while caring for patients of his own. Dr. Elkins treats patients of all ages, infants to geriatric.

John Hall is a board-certified family nurse practitioner who also serves as both a primary-care provider at Legacy Health & Wellness and Director of Clinical Services at RoyOMartin. He has extensive experience in the medical field and has received several professional and community awards for his service in the workplace and the community.

Legacy Health & Wellness is a primary-care wellness center, with a goal of getting and keeping you healthy. Services include, but are not limited to:

- Primary care
- Chronic-care management
- Treatment of minor injuries
- Pediatric care
- Immunizations
- Annual physicals
- Women's wellness exams
- Flu and strep tests
- Review and care of small moles
- Basic labs

Patients also have access to our wellness coach, who can assist individuals and families in planning for and maintaining a healthy lifestyle.

While scheduled appointments help ensure more timely care at Legacy Health & Wellness, walk-ins are accepted.
